Color Tablets Instructions: Print at "Actual Size" setting to fit the size of most Montessori color tablets. Print these pages twice for matching color tablets as Color Box 1 & 2.

Color Box 3 Instructions: Print at "Actual Size" setting to fit the size of most Montessori color tablets.  
Print these pages once. Arrange tablets in order from darkest to lightest by color. [It is difficult even for adults to do this correctly. I suggest marking the order on the back as a control of error.]
